TECHNICAL SKILLS

Programming Languages: Python, Java, Javascript

Frontend : HTML, CSS

Database: SQL

Technologies/Frameworks: Git, GitHub, Canva

SUMMARY

- Information Technology Engineer with hands-on experience in Python, Java, JavaScript, machine learning, and data analytics. Gained practical exposure through internships at Microcare and Codetech IT Solutions, along with academic projects in full-stack development and predictive modeling. Skilled in data analysis, visualization, problem-solving, and teamwork, with a strong interest in data science and analytics roles.

EXPERIENCE

Data Analyst Intern - Microcare

Remote - 1 March 2025-31 March 2025

Data visualization, Machine Learning Models, Excel

Analyzed real-world datasets in Excel to identify trends and generate actionable insights. Built interactive Tableau dashboards to track key metrics and support data-driven decisions, while improving data storytelling by presenting findings clearly to stakeholders.

Java Developer Intern - Codetech IT Solutions

Remote - 1 Feb 2025-28 Feb 2025

Java Developer, FrontEnd, Java

Designed and implemented a Student Attendance System using Java, JDBC, and CRUD operations.

Integrated database solutions and applied object-oriented programming principles for robust application development

Collaborated with team members to debug, test, and optimize system performance.

PROJECTS

Multi-View Deep Learning System for Foul Detection in Football | *Deep Learning, Computer Vision, Python*

- Developed a football foul-detection system using pose-based cues, collision analysis, and temporal sequence learning to identify fouls in match footage. Improved detection performance through multi-view data processing and achieved **97% accuracy**. Collaborated with a team on system design, implementation, and testing.

Excel Data Dashboard | *Excel Pivot tables Charts Formulas*

- Created an interactive dashboard in Excel to monitor and analyze data trends.
- Utilized pivot tables, charts, and advanced formulas to transform raw data into actionable insights.
- Enabled stakeholders to explore and interpret data through clear visualizations.

EDUCATION

Bachelor of Engineering in Information Technology(B.E)

Nov 2022 -June 2026

College of Engineering Malegaon B.K.

– 8.21 CGPA

Senior Secondary School (12th)

May 2020 – June 2021

SPVN Jr. College Sharadanagar

– 69%

Secondary School (10th)

June 2019 – Mar 2020

SPVN Sharadanagar

– 89.20%

CERTIFICATES / EXTRACURRICULAR

- First Runner-Up** at Avishkar 2025 for innovative application of AI in sports analytics avishkar
- Generative AI Certification Sahyadri Software Pvt. Ltd. · 2025 gen AI
- 1st Winner** – Mission Clean City Competition 2024 (Team Sangam) Awarded for excellence in innovation and community-driven sustainability initiatives.
